

Energy's Impact on Foreign Policy, *Joel Darmstadter*, p186, March.

The Engineer and the Building Team in the Middle Ages, *Cyril T. G. Boucher*, p86, May.

Engineers Seek to Stretch Resources, *Larry Jenkins* and *Bernard Bandur*, p117, March.

Environment — A Major Concern for the Professions, *Ralph S. Torgerson*, p136, May.

FPC Sets Limits on Natural Gas, *Rush Moody, Jr.*, p142, March.

Fusion and Other Long-Range Strategies, *D. J. Rose*, p164, March.

Guidelines for Preparing Seismic Evaluation Reports, *Ralph S. Torgerson*, p142, June.

Industry Faces New Challenge, *Gerard C. Gambs*, p107, March.

Innovative Designs Win CEC Awards, p80, June.

Limit Design of Reinforced Concrete, *A. Ali Mirza*, p114, June.

Managing Existing Resources, *Alvin Kaufman*, p129, March.

A Model for Describing Direct and Indirect Interrelationships Between The Economy and The Environment, *John M. Perkins* and *Nadipuram R. Prasad*, p87, April.

Nuclear Energy: How Soon? How Safe? *Ralph E. Lapp*, p156, March.

Outlook for the Future, *S. David Freeman*, p102, March.

Power Plants — Picking the Sites, *C. A. Brown*, p133, March.

Radial Collector Well Solves Water Supply Problem, *Robert W. Rosene*, p62, February.

Resources: Are We Running Short?, *Rogers C. B. Morton*, p98, March.

Sargent & Lundy Powers Its Way to New Heights, *Stanley Cohen*, p60, January.

Senate Seeks Unified Policy to Meet the Crisis, *Henry M. Jackson*, p139, March.

Solar Energy: an Endless Supply, *Martin Wolf*, p171, March.

System Integrity — Beating the Blackout, *Rathbun B. Squires* and *Wayne M. Moody*, p127, March.

Tool Up for Residential M/E Design, *John E. Traister*, p72, February.

Total Energy: a Key to Conservation, *Sam E. Beall, Jr.*, p180, March.

Waterweed Harvester: A Design Breakthrough, *Norman F. Podas, Jr.*, p98, May.

#### Legal Aspects

The Engineer's Role in Alleviating the Energy Crisis, *Edward F. Malone*, p24, April.

New Insight Into What Equal Employment Opportunity Means, *Edward F. Malone*, p68, March.

Now That You Are a PC — Preventing Rents in the Corporate Veil, *Edward F. Malone*, p20, May.

The Public Relations Aspects of Professional Liability, *Edward F. Malone*, p114, January.

Restrictive Covenants in Employment Agreements: Are They Enforceable?, *Edward F. Malone*, p34, June.  
Winning a Design Error Suit the Hard Way, *Edward F. Malone*, p106, February.

#### Professional

Are Exemptions in Engineering Registration Laws too Broad?, *T. E. Stivers*, p198, March.

Collective Bargaining: NSPE Task Force Report, *David H. Lillard*, p50, April.

The Consulting Engineer in Times of Disaster, *Nat P. Turner*, p72, April.

The Consulting Engineer of the 1980s, *Harry E. Bovay, Jr.*, p103, January.

Engineering Education: What Now?, *William N. Holway*, p160, June.

Guidelines to Professional Employment for Engineers and Scientists, *Rolf T. Killingstad*, p120, February.

Involvement? Or Dissolvment?, *Nat P. Turner*, p18, February.

Pros and Cons of Statute vs Rules of Professional Conduct Approach, *Milton F. Lunch*, p44, March.

The Role of the Practice Section in NSPE, *Paul E. Pritzker*, p28, May.

So Here We Are, *Nat P. Turner*, p152, May.

"Social Engineering" — Another Chance, *Nat P. Turner*, p80, January.

Some Thoughts on Engineering Education, *W. J. McKee, Jr.*, p60, June.

A Time for Leadership, *S. Scott Ferebee, Jr.*, p71, January.

#### Public Relations

Costs of Business Development, *Andrew Warren Weil*, p52, June.

Learn to use Leverage in Publicity, *Andrew Warren Weil*, p68, May.

Marketing Intelligence: Your Missing Link?, *Andrew Warren Weil*, p40, January.

Press Interviews: Opportunity or Disaster, *Andrew Warren Weil*, p34, March.

"Sell" is a Four-Letter Word, *Andrew Warren Weil*, p58, April.

A 1973 View of Ethics and Promotion, *Andrew Warren Weil*, p30, February.

#### Tax Topics

Adverse Changes to Family Tax Planning, *Carl H. Ristau*, p46, January.

Business Expenses Away From Home, *Carl H. Ristau*, p60, March.

Legal Fees Incident to Divorce, *Carl H. Ristau*, p54, May.

More Facets Concerning Gifts to Minors, *Carl H. Ristau*, p18, April.

Rental of Your Vacation House, *Carl H. Ristau*, p24, February.

Splitting a Sale to Secure Some Installment Advantage, *Carl H. Ristau*, p18, June. ▲▲

# CE Semiannual Editorial Index

July-December 1973

## Associations

The ACEC Suit against EPA, *William N. Holway*, p62, July.  
Activities During the Past Year, *Robert L. Nichols*, p50, August.  
The Challenges of Value Engineering, *William R. Orr*, p32, November.  
Clients and Contractors Air Their Problems at FIDIC Conference, *Edward K. Bryant*, p131, October.  
Consultants in the Energy Arena, *William N. Holway*, p16, December.  
DPIC Stands for . . . all CE Firms, *William N. Holway*, p126, September.  
The Engineer — A Human Being, *Louis C. Ripa*, p28, July.  
The Impossible Takes a Little Longer, *John Girand*, p45, December.  
"Keep Your Own Front Steps Clean!" *William N. Holway*, p58, October.  
. . . On Rising Prices, *William N. Holway*, p120, Nov.  
Plans for Strengthening Regional Meetings, *Billy T. Sumner*, p164, October.  
Professional Liability Insurance, *Donald E. Wilson*, p82, December.  
Value Engineering "We're on the Way," *William N. Holway*, p18, August.  
The Young Engineer and the Profession, *John H. O'Hair*, p24, September.

## Business Aspects

The Battleground: Who Serves the Client Best? p102, August.  
Branch Office Growth Justifies New Building Within Two Years, p98, September.  
Burns & McDonnell's 75th year, p110, October.  
The Challenges of Value Engineering, *William R. Orr*, p32, November.  
Corporate Planning at Daniel, Mann, Johnson and Mendenhall, *Albert A. Dorman*, p64, December.  
Cost Estimating by Use of Six-Tenths Factor, *John D. Constance*, p84, September.

DPIC Stands for . . . all CE Firms, *William N. Holway*, p126, September.  
The Engineer — a Human Being, *Louis C. Ripa*, p28, July.  
The Engineer as an Expert Witness, *Rolf W. Roley & William Brooks*, p94, July.  
The Engineer-Constructor: A Case for Unit Responsibility, *J. B. Kemp & J. Lindenbaum*, p102, August.  
Engineering and the Overseas Market: EXIMBANK Can Help You Increase Sales, *Robert H. Auld*, p76, December.  
First PR Conference Attracts 100, *Jane Edmunds*, p106, September.  
Foreign Activities of the Bureau of Reclamation, *Ellis Armstrong*, p98, November.  
Get Your Key Men Pulling Together, *Jane Edmunds*, p127, July.  
The Impossible Takes a Little Longer, *John Girand*, p45, December.  
Impressions of an International HVAC-Sanitary Equipment Exhibit, *Karl Guttman*, p122, August.  
Learning to Live with OSHA Standards, *Jane Edmunds*, p120, September.  
More People and Products Expected at 2nd International Pollution Congress, p82, September.  
. . . On Rising Prices, *William N. Holway*, p120, Nov.  
Professional Liability Insurance: Stark Reality, *Donald E. Wilson*, p82, December.  
Project and Construction Management: An Approach to Meeting Owner Needs, *Richard H. Stanley*, p103, August.  
A Report From the Committee of 100: Client Needs Multiply, p84, August.  
Suggested Organization for Environmental Engineering Firms, *George P. Fulton*, p87, September.  
Tips on Quality Control, *Jane Edmunds*, p108, July.  
The Ultimate Conservative, *L. M. Beres*, p96, Nov.  
Value Engineering "We're on the Way," *William N. Holway*, p18, August.  
Your Bid Proposal Forms Can Limit Effectiveness of the Competitive Bidding Process, *Donald T. Gregg*, p86, November.

## Cover

Wilson V. Binger, p72, July.  
Henry J. Degenkolb, p76, November.  
Roy F. Weston, p78, August.  
Charles W. Yoder, p40, December.

## Economics

The Art of Overhead Allocation, *William R. Park*, p48, September.  
Breaking Even on Professional Services, *William R. Park*, p54, July.  
The Environmental Impact of Engineering Projects, *William R. Park*, p60, November.  
A Look at Gold, *William R. Park*, p70, October.  
Profits in Professional Practice, *William R. Park*, p72, August.  
The Value of Land, *William R. Park*, p39, December.

## Engineering and Design Concepts

The CE's Role in M/E Product Selection, *Cedric R. Acheson*, p89, November.  
Computer Applications in Surveying and Land Development, *Gary Neuwerth*, p92, September.  
The Consultant and Product Design, *Robert F. Seery*, p69, December.  
Cost Estimating by Use of Six-Tenths Factor, *John D. Constance*, p84, September.  
Creating Ohio's Department of Transportation Casts a Consultant in a Productive New Role, *J. Philip Richley*, p92, August.  
Dallas/Fort Worth to Open World's Largest Airport this Month, *Stanley Cohen*, p72, September.  
Design Considerations for Using Self-Contained Unitary HVAC Systems, *Edward M. Stanley*, p78, July.  
The EIS and Urban Transportation, *David Novick*, p114, September.  
Energy Analysis As We See It, *Y. S. Chen*, p91, Nov.  
Four-Lane Highway May Become Model for Future Superhighways, p137, October.  
Harnessing the Forces of Nature: Binding the Wind, *Cyril T. G. Boucher*, p53, December.  
Mass Transit: the 2nd Segmentation, *Eugene Allen Gulliver*, p158, October.  
Modern Surveying Trends and Their Application to Consulting Engineering, *Harry R. Feldman*, p88, July.  
Noise Criteria: Their Evaluation and Use, *John D. Constance*, p58, December.  
The Practical Problems of a Consultant to the State of Ohio, *Frederick J. Richardson*, p99, August.  
Role of Probability in Nuclear Plant Design, *A. Morcos*, p48, December.  
Stadiums: A New Generation, *Stanley Cohen*, p77, October.  
Structural Fire Protection, *W. W. Stanzak*, p81, July.  
Tests Run on New Prime Mover for Geothermal Power Generation, *Edward F. Wehlage*, p128, August.  
The Wizards of Weight, *Dr. Irwin Ross*, p104, Nov.

## Legal Aspects

Can "No Fault" Be Applied to Construction Projects? *Edward F. Malone*, p42, September.  
Conserving Energy—An Opportunity for Consulting Engineers, *Edward F. Malone*, p30, December.  
Environmental Impact Statements: When Are They Required? *Edward F. Malone*, p62, October.  
Equal Employment Opportunity and the Engineering Firm, *Edward F. Malone*, p100, July.  
How can the Inventive Engineer Protect His Invention? *Edward F. Malone*, p42, August.  
To What Extent Can a Federal Agency "Delegate" Its Duty to Prepare an EIS? *Edward F. Malone*, p52, Nov.

## Professional

A Case for Registration Changes, *E. B. Mansfield*, p116, July.  
Competition or Cooperation from the Classroom? *Carl F. Long*, p82, November.  
Foreign Activities of the Bureau of Reclamation, *Ellis Armstrong*, p98, November.  
The Need for Registration Reform, *John E. Pollock*, p150, October.  
One-Half Million Miles to the Engineering Classroom, *F. Lawrence Bennett*, p84, July.  
The Ultimate Conservative, *L. M. Beres*, p96, Nov.  
The Young Engineer and the Profession, *John H. O'Hair*, p24, September.

## Public Relations

Another View of Advertising, *Andrew Warren Weil*, p112, November.  
Communications Audit . . . Defined, *Andrew Warren Weil*, p144, October.  
Establishing Your Credibility, *Andrew Warren Weil*, p132, August.  
First PR Conference Attracts 100, *Jane Edmunds*, p106, September.  
How Much are You Investing in Business Development? *Andrew Warren Weil*, p48, July.  
More About Press Relations, *Andrew Warren Weil*, p54, September.  
Survival Means Adapting to Change, *Andrew Warren Weil*, p24, December.

## Tax Topics

Contributions of Property, *Carl H. Ristau*, p20, July.  
IRS Changes in Tax Return Forms, *Carl H. Ristau*, p24, November.  
Match Year-End Capital Gains and Losses, *Carl H. Ristau*, p86, December.  
More on Vacation House Rental, *Carl H. Ristau*, p36, September.  
Social Security Tax Continues Upward, *Carl H. Ristau*, p18, October.  
Transactions Involved in a Bargain Sale to a Charity, *Carl H. Ristau*, p24, August. ▲▲
